

Keep your finger on the pulse of what's important to you. Connect with the office and your family, access the latest news and weather forecasts, listen to podcasts and your favourite songs, all on one device that just feels right. The BlackBerry® Curve™ 8900 smartphone. It's a sleek, new twist on a classic style.

BlackBerry Curve™

For more information, visit www.blackberry.com/uk/curve/brochure

1. The BlackBerry Curve 8900 smartphone supports Wi-Fi 802.11 b/g. Placing calls over Wi-Fi requires a GAN/UMA network. Not all BlackBerry plans support Wi-Fi access to BlackBerry services. Check with your service provider for supported services and features.
2. The BlackBerry Curve 8900 smartphone is designed to access 3GPP RTSP mobile streaming websites. When the streaming functionality is accessed via the WAP Browser, significant, additional charges may apply. Depending on your carrier, accessibility may only be via a Wi-Fi connection. Check with your service provider for supported features and services.
3. Requires activation with data plan.
4. For detailed services and their coverage areas visit www.blackberry.com/maps
5. The ability to send pictures is not supported by all instant messaging programs. Check with your IM provider for supported features and services.
6. In order to record video clips a microSD card must be properly inserted in the BlackBerry smartphone. MicroSD cards may be sold separately.
7. Requires activation with voice plan.

Check with your service provider for roaming arrangements, service plans and supported features and services. Certain features outlined in this document may require a BlackBerry Enterprise Server software v4.1.5, BlackBerry Desktop Manager and/or BlackBerry Device Software v4.5.

When you subscribe for, acquire, or use third party products and services with RIM products or services you accept that: 1. It is your sole responsibility to (a) ensure that your airtime service provider will support all of their features; (b) identify and acquire all required intellectual property and other licenses prior to installation or use and to comply with the terms of such licenses; 2. RIM provides such products and services on an "AS IS" basis with no express or implied conditions, endorsements, guarantees, representations or warranties of any kind, and assumes no liability whatsoever with respect to them.

BlackBerry Curve™

A Design To Be Held

Sleek. Thin. Light. It fits in your hand, like it fits in your life.
Perfectly.

The New BlackBerry Curve 8900

Wi-Fi and GPS

- There's no need to choose between flexible connections and knowing where you're going.
- Use a Wi-Fi® network to check your email, shop online, stream videos and music or even make phone calls.¹² Wireless home networks and public hotspots can give you access to all of your BlackBerry® services. Switching back and forth from your carrier service can be seamless.
- When you need help finding your way, use the built-in GPS. It's designed to work with BlackBerry® Maps and other location-based software to help you figure out where you are and how to get to where you need to be.³⁴

Camera

- At 3.2 megapixels you can take sharp, print-quality pictures. Auto focus, image stabilisation and auto flash help you capture the moment even when you're up close or in low light.
- With just a few clicks, you can send your image back to the office or half way around the world in an email, picture message or instant message chat.³⁵
- Or capture the story with sound and action, using the built-in video camera.⁶ Then you can replay your clip using the built-in media player or share it in an email or picture message.³

Display

- The large 2.4-inch, HVGA+, 480x360-pixel display on the BlackBerry Curve 8900 smartphone offers up crisp images, text and maps so information is easier to read, even when you're on the go.
- You'll also be amazed by the vivid colour the screen projects when you're browsing the Internet³, playing games or watching your favourite videos.

Design

- Its sleek and slender design makes the BlackBerry Curve 8900 smartphone perfect for any occasion.
- With a large display and full QWERTY keyboard, it's still so compact that it fits perfectly in your hand for easy one or two-thumb typing.

Additional Features

And as you'd have guessed, the sophisticated BlackBerry Curve 8900 smartphone delivers these renowned BlackBerry features:

- Email⁷
- Phone and text messaging (SMS and MMS)³
- Instant messaging (IM)³
- Browser³
- Organiser

Make the BlackBerry Curve 8900 truly your own.

There's a BlackBerry® Authentic Accessory for virtually every aspect of your life. Check them out online at www.blackberry.com/uk/curve/accessory.
